

### Plumstead Veterans

In Plumstead Township, the spirit of service runs deep. As an elected official, I have made it my mission to ensure that our veterans are not only recognized—but truly honored—for their sacrifice, courage, and unwavering commitment to our nation. Through my initiative, we have identified and connected with nearly 100 veterans living among us, building a network of gratitude and support. I have spearheaded the establishment of an annual Memorial Day observation, a solemn tradition that brings our community together to remember those who gave their lives in defense of our freedoms.

To further enshrine their legacy, I led the effort to dedicate six township bridges in honor of fallen residents—each one now a lasting tribute to their bravery. And our Veterans Day celebration has grown into a meaningful, heartfelt event that reflects the depth of appreciation we hold for those who served in our armed forces.

I've also worked to preserve the stories of our local heroes in written form. I compiled a book honoring the 136 Bucks County men who lost their lives in the Vietnam War—a labor of love and remembrance. I've begun a paper on the 38 Bucks County men who fell during the Korean War, and I plan to compile a book dedicated to Plumstead Township veterans, both living and deceased. These are not symbolic gestures; they are enduring commitments to the values our veterans fought to protect. Their stories live on in our township's landscape, in our civic rituals, and in the hearts of our residents.
